Regarding Letter dated 5-19-04
April Monthly Report

We are still experiencing problems with our software not adding column B properly.

McCormick re-allocation is listed on line 22 of the May Monthly report.

The telemarketing reported on line 21b was generic telemarketing and did not involve in the election or defeat of a federal candidate.

All items reported on H4 are for admin. activity, the software is not printing it in the box.
